## **Of the Organization under the Title "Eco - Sustainable Development Association of Elafonisos"**

### **Purposes & Priorities**

A. The purposes of the organization are :

- I. The protection of the natural environment, the coast, the beaches, the flora and fauna of Elafonisos Lakonia and nearby areas.
- II. The improvement of the quality of life of the residents and visitors of Elafonisos Lakonia.
- III. The sustainable development of the Elafonisos Lakonia territory and the improvement of its infrastructure in harmony with the natural environment.
- IV. The preservation and revival of Elafonisos Lakonia traditions, the improvement of the cultural niveau of the territory's residents and the general development of any cultural activity.
- V. The promotion of the natural and cultural wealth of Elafonisos in Greece and abroad.
- VI. The support and promotion of public works and utilities that contribute to the ecological sustainability of the Elafonisos island as a green island.
- VII. The protection of the acqua -marine environment and the seas around the Elafonisos island.
- VIII. The attraction of qualitative tourism with interest in the ecological value and the ecosystem of the island.

B. Priorities of the organization are to :

- I. Defend coasts and beaches by preserving turtles, fishes and all other autochton animal and vegetal species and by promoting all-pedestrian road in the vicinity of beaches, dunes and coastal rocks.
- II. Sustain all efforts aimed at developing a no - pollution traffic all over the island.
- III. Raise the visibility, in all possible local & international media, of the "green development" of the island, thus attracting visitors and investors keen of ecological values and enhancing the island's economy.
